Course Description

Global governance refers to the way in which global affairs are managed in the absence of a global government, and involves a broad range of actors, including states, and international and regional organizations. This course provides an overview of the existing architecture of global governance, explores the management of selected global issues, and considers debates and new trends in global governance. Assessment: coursework (50%), final exam (50%). Course entry requirements: Any 2000-level POL course.
