ANTH OF MOVEMENT

**UCEAP Quarter Units**

4.50

**UCEAP Semester Units**

3.00

**Course Description**

This course focuses on the manner in which humans move and the way in which we regard those movements. The course covers movements as we view them on micro and macro levels, making distinctions between conscious and unconscious actions. Students explore and dissect the definition of the word "mobility" and how that definition has changed as technology forces us to change our image of mobility.
