UCEAP Official Title
CURRENT ISSUES IN ARCHEOLOGICAL THEORY

UCEAP Transcript Title
ISSUES ARCOL THEORY

UCEAP Quarter Units
6.00

UCEAP Semester Units
4.00

Course Description

This course provides an introduction to archaeological theory. It helps students develop the skills and knowledge required to assess the coherence, value, and relevance of a variety of theoretical frameworks currently employed in archaeology. In order to achieve this, a number of issues are raised and explored that together give a good overview of the major trends of archaeological thought, and illustrate how archaeology has developed from its antiquarian past to a modern social science.
