Course Description

This course offers an additional conversational component to the Modern Hebrew: Bet, Lower Intermediate Level II Hebrew course. For an additional 1.5 hours a week the class meets and discusses, debates, and practices conversational skills in Hebrew. The course introduces students to adapted literature and scientific works, and increases their vocabulary (with an additional 800 words), in particular with regard to the daily use of Hebrew as well as the understanding of articles written in easy Hebrew from the press and scientific journals. Students also gain command of the fundamental structures of Hebrew and its basic grammatical forms. The class consolidates and broadens the grammatical structures and vocabulary studied in level Aleph. By the end of this course, the student is familiar with the basic structure of the Hebrew language, including: comprehension: listening to the news, recorded radio programs, and lectures in easy Hebrew; conversation: conversations, discussions, and short lectures based on the passages read and heard; informal meetings with Israelis, reported on afterwards in class; reading: passages from stories and texts adapted into easy Hebrew, and short newspaper articles in easy Hebrew; writing: writing structured compositions and short passages on the topics studied; and grammatical skills: syntactic consolidation and elaboration of basic structures, inflection of the strong verbs in the future tense, and frequent weak verbs.
