COURSE DETAIL

EVOLUTIONARY DIVERSITY
Country Hong Kong
Host Institution University of Hong Kong
Program(s) University of Hong Kong
UCEAP Course Level Lower Division
UCEAP Subject Area(s) Biological Sciences
UCEAP Course Number 19
UCEAP Course Suffix
UCEAP Official Title EVOLUTIONARY DIVERSITY
UCEAP Transcript Title EVOLUTION DIVERSITY
UCEAP Quarter Units 5.00
UCEAP Semester Units 3.30

Course Description
This course provides an introduction to the diversity of plant and animal life. Recent research has resulted in fundamental changes in our understanding of the evolutionary history (phylogeny) of organisms. Current evolutionary trees are used as the basis for a survey of different plant and animal groups in phylogenetic sequence, and for understanding how structures and processes have changed through time.

Language(s) of Instruction
English
