Course Description
This course provides a study the historical dynamics of the indigenous communities of Chile that existed during the time of the Spanish conquest. It examines the effects of conquest and the resulting sociocultural and economic processes that took place during the 16th century. The course examines the cultural developments both prior to and as a result of the conquest, taking into account the early development of the Chilean colonial society and the transformations of indigenous societies that shared its space.

Language(s) of Instruction
