UCEAP Transcript Title GLOBAL EVENTS
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course introduces students to thinking and writing about political, social, and environmental events geographically, using examples ranging (depending on the year) from environmental disasters and infrastructure failures to epidemics and conflicts. The course introduces students to a variety of ways of analyzing, researching, and representing events and then focuses on the analysis of a small number of past, recent, and on-going events, allowing them to think critically and geographically about current events.
