4.00

**Course Description**

This course analyzes emerging markets' commercial realities and national cultures within the context of a global economy (including Brazil, Lebanon, Nigeria, Venezuela, China, and India) . It examines family businesses in emerging markets, and innovation in and from emerging markets. The course provides students with the necessary analytical skills to assess emerging markets for potential entry. It also focuses on the opportunities and challenges that multinationals face when doing business and investing in emerging markets.
