UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
This course introduces students to the study of comparative political economy: the politics of economic policy-making in WEIRD (Western, educated, industrialized, rich, democratic) countries. The course helps students understand variation in economic policies and performance, including the causes and the consequences of this variation. The course focuses on three core topics in CPE: institutions and economic growth, macroeconomic policy-making, and inequality and redistribution.
