12.00

UCEAP Semester Units

8.00

Course Description

This course explores the documentary production process. Students are guided through each stage and learn the key techniques and creative and organizational approaches needed for successful production. The course concentrates on the documentary genre, a genre that has an increasingly high profile in the cinema as a medium for both raising awareness and for entertainment. The techniques students learn are relevant to other forms of factual video-making as well as drama production.
