UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
The movement expressions of the Caribbean have often been problematically dubbed as "folk or ethnic dance". Using conceptual frameworks provided by Cultural Studies this course explores the popular social dance forms of the Caribbean through the careful examination of the history and aesthetic principles that have guided their development and popularization. This course offers an introduction to a range of dance forms and later maps the stylization process they undergo when they move from the streets into the studio and onto the stage.

Language(s) of Instruction
English
