COURSE DETAIL

CELL BIOLOGY

Country
United Kingdom - England

Host Institution
King's College London

Program(s)
King's College London

UCEAP Course Level
Upper Division

UCEAP Subject Area(s)
Biological Sciences

UCEAP Course Number
153

UCEAP Course Suffix

UCEAP Official Title
CELL BIOLOGY

UCEAP Transcript Title
CELL BIOLOGY

UCEAP Quarter Units
6.00

UCEAP Semester Units
4.00

Course Description

This course provides knowledge of key topics in cell biology with a strong emphasis on molecular and biochemical aspects, to equip students for more detailed studies of cell biology in advanced courses, to give students experience of some experimental techniques that are used to research cell structure and function, and to develop students' skills in accessing and understanding primary scientific literature, analysis of data, and scientific writing.

Language(s) of Instruction
English

Host Institution Course Number
5BBB0209

Host Institution Course Title
CELL BIOLOGY

Host Institution Course Details
https://keats.kcl.ac.uk/mod/url/view.php?id=5899388

Host Institution Campus
King's College/ Guy's Campus

Host Institution Faculty

Host Institution Degree

Host Institution Department
Biochemistry

Course Last Reviewed
2022-2023
