Course Description

This course examines historical, social, and political aspects of contemporary Israeli society. After analyzing the ideologies and groups that played a major role in the formation of Israeli society, class discussion focuses on social and political issues which are at the center of current debate in the country. The course discusses topics including the major social groups in Israeli society, key social and political issues in Israel and the positions of different political and ideological groups on these issues, Israel's political system, and the character of Israel as both a democracy and Jewish nation-state.
