DEVLOP AREAS:AFRICA

**UCEAP Quarter Units**

6.00

**UCEAP Semester Units**

4.00

**Course Description**

This course offers a broad overview of the trajectory of politics, society, and economic development in Africa. The course provides an analysis of the role that pre-colonial and colonial legacies have played in shaping the formation and consolidation of particular forms of political rule in Africa. Students learn the evolution of state-society relations to explain both the persistence of authoritarianism as well as the transition to political liberalization in a number of African countries.
