Course Description
This course provides an examination of the historical development and the roles and responsibilities of mass media in Thailand. Through cross-cultural and comparative approaches, it analyzes the cause and effect relationships between mass media and state power during the changes and transformations of Thai society in a time of globalization. Other topics include mass media theories, media genres in Thai entertainment, music industry in Thailand, political censorship, national policies on media, the relationship between the media and the government, and media's rights.
