Course Description

This course places modern Chinese history within the evolution of world history as well as the evolution of world history within modern Chinese history. The course discusses: the world capitalist system and its problems; the establishment of modern states; the characteristics of nationalism; the structure of agricultural society; the mentality of intellectuals; the problems of modernization and modernity; the modernization of China and Japan from a broadened historical perspective, and international hegemony. Topics of discussion and research also include the influence of the national bourgeoisie; the fragility of the national bourgeoisie; the Chinese communist revolution; the tragic struggle between the Kuomintang and the Communist Party, and the particularity of the labor movement.
