Course Description

This course explores the ways the two Koreas, North and South, have coped with the dictate of international politics since the national division. It examines this question by highlighting and explaining the defining characteristics of the both systems in the context of their respective political change, economic development, national security, human rights and response to globalization as results of their respective choices of national survival, political development and economic prosperity.

Prerequisite: Introductory course on Korean politics

Language(s) of Instruction
English
