2.00

**Course Description**

This course provides a comprehensive overview of the contemporary Japanese economy, focusing on the economy's performance, changing characteristics and the challenges for the future. The class discussions often include comparison between the Japanese economy and the Chinese economy. The course covers basic concepts and analytical tools of economics which are applied to the Japanese economy, and how useful economics is in understanding the real world affairs. Text: THE JAPANESE ECONOMY-THEN, NOW, AND BEYOND by Mitsuru Taniuchi.
