Course Description

For students to understand the job market and industry development, as well as establish career planning in advance, this course invites industry leaders to share their career experience. Students are expected to connect campus and industry resources and gain skills at various levels simultaneously. At the individual level, they must learn to train themselves to enter the workplace and strengthen various abilities to become leaders in the workplace. At the group level, they must learn how to cooperate with peers of different backgrounds and abilities in a team to become an important partner. Last, at the leadership level, they must learn how to pay attention to corporate culture and establish a friendly working environment.
