UCEAP Transcript Title LANGUAGE IN CONTACT
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
This course introduces the phenomenon of language contact. It explores sociolinguistic conditions of language contact, and how these conditions lead to contact-induced linguistic change. The study of contact languages is a study of how new forms of language emerge from contact ecologies. The main focus is on the linguistic properties of contact languages, such as Chinese Pidgin English and Singapore Colloquial English, and on the theoretical issues of language emergence.
