UCEAP Course Suffix
UCEAP Official Title VETERINARY EPIDEMIOLOGY AND ECONOMICS
UCEAP Transcript Title VETERINARY EPI&ECON
UCEAP Quarter Units 5.00
UCEAP Semester Units 3.30

Course Description

A basic course on veterinary epidemiology and economics. Specific diseases and their symptoms, prevention, therapy, and economic effects are used as an illustration of the following aspects: health and disease, how to diagnose, and which organizations are involved; types of disease, pathogen transmission, available preventive measures; types and design of epidemiological studies, analysis, and interpretation; basic economic principles and methods used in decision-making regarding animal health problems; and design of disease eradication and/or prevention programs.
