Course Description

This course adheres to the concept of general education, based on the main body of film art, and also on the appeal of film works and the unique analysis of artistic styles. It uses film case analysis as a method and audiovisual language as a basic tool. The audio-visual language and narrative techniques of movies are studied for their artistic and ideological nature, so that students can understand the rules of film art creation, and master the great aesthetic value of the film (ideological and emotional), so as to cultivate their thinking ability and creative ability.
