UCEAP Semester Units

5.30

Course Description
This course analyses works representing different aspects of heroism in European and non-European cultures. It investigates the depiction of male and female heroes in relation to politics, social changes, historical events, and cultural values. It explores the notion of heroic behavior and the challenges it poses at various times, including the 19th and 20th century, while also examining the impact of censorship, political regimes, and patriarchal role models on both genders in the cultures concerned.
