UCEAP Semester Units

3.30

Course Description

This elective seminar provides an introduction to three of the main theoretical-conceptual traditions of urban sociology -- Chicago School, NeoStructuralist Criticism and Urban Social Movements -- in order to recognize current urban phenomena and challenges. Special attention is placed on discussing and investigating racial tensions in the city, including the relationship of racial tension and migration (both national and international), the socio-territorial disposition of different ethnic groups, and the socio-spatial barriers of the city.

Language(s) of Instruction

Spanish
