Course Description
This course analyzes the historical development of humanitarianism and human rights over the last two hundred and fifty years. It traces the emergence of the idea of humanity and its expression in the fundamental texts of the Atlantic Revolutions. The course includes a brief discussion on the rise of humanitarianism in the nineteenth century, the elaboration of the doctrine of human rights in the mid-twentieth century, its reformulation in the second half of the twentieth century and its growing importance in international relations, and in the way the relations between states and individuals is understood.
