UCEAP Course Suffix
UCEAP Official Title GENDER, SPACE AND PLACE
UCEAP Transcript Title GENDER: SPACE&PLACE
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
This course examines the impact of feminism on human geography, from the call to insert women into geographical analysis and take into account gender relations in rethinking dominant definitions of space, place, and landscape to debates on the need to recognize diversity and difference among men and women. Drawing on case studies in both developed and developing countries, the gendering of specific sites (ranging from the home to the nation) and processes (e.g. migration) is explicated.

Language(s) of Instruction
