UCEAP Quarter Units 6.00
UCEAP Semester Units

4.00

Course Description
Digital Composition courses support the sustained development of compositional craft and creativity through the practical integration of music technology and digital music techniques in the preparation of sound based compositions to be submitted throughout the semester. Focus is on the approaches taken over the last century to record, transform and organize sound in a variety of creative contexts, ranging from early electroacoustic music experiments, through to contemporary electronic music production.
