UCEAP Transcript Title MARRIAGE & FAMILY
UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course offers a broad overview of the psychological challenges of finding a partner and creating a family system. We start out by building a theoretical understanding of family systems from a variety of different perspectives, but then move on to a more in-depth empirical understanding of the different psychological processes underlying intimate relationships. Then we use the empirical knowledge to build a deeper understanding of our own lives and relationships.
