Course Description
This course surveys the past and present landscapes of media and politics, with particular emphasis on globalization and its transformative effects. The course covers established dynamics at the core of press-government relations as well as new trends on the cutting edge of digital media. Topics include the tricky relationships between government officials, journalists and citizens; the Internet and politics; "cyber-activism" in the social media age, the expansion of traditional media platforms into emerging market countries; alternative news and information outlets, and the many challenges posed by economic restructuring amid political and technological change. Assessment: Midterm (25%), Assignments (25%), Participation and class assignments (25%), Final (25%)
