Course Description

This course examines various elements of Czech non-mainstream culture, such as graffiti and street-art, political art collectives, the underground, new social movements, psychedelia, D.I.Y. music scenes, LGBTA, and social theater. It examines critical theory to discuss the practices of "alternative" urban lives in postindustrial society and certain trends of artistic production. The focus is on the political interpretation of youth subversion and disclosures of power mechanisms. Visuals and field trips to graffiti and other subcultural sites are an inherent part of this course.
