UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course provides an introduction to contemporary approaches to the study of the varieties of the English language observed across nations, regions, social groups, and contexts. The two major goals of the course are to illustrate the concepts of sociolinguistics that are essential to studying the expansion and resulting diversity of English and to examine the social, cultural, and linguistic impact of English in countries where English is taught and used as a second or foreign language.

Language(s) of Instruction
