Course Description
This course examines the constraints set on fiscal policy by the need to ensure the sustainability of public debt, the role that fiscal policy can play within those constraints to support economic activity, and the institutions that can strengthen fiscal policy credibility, including fiscal rules, medium-term fiscal programs, and spending reviews. The course utilizes case studies to illustrate these issues. The course discusses topics including fiscal sustainability, fiscal solvency, public debt, fiscal policy and growth, and fiscal institutions. Students complete a written final exam. Students should be familiar with basic macroeconomics as a recommended prerequisite.
