Course Description

This course examines the early linguistic development of the Spanish language, with special emphasis on the sociological and historic elements that have influenced this development. It covers the basics of diachronic linguistics, the evolution from Latin to hispanicized Latin to Romance to Spanish, the Germanic and Arabic substrata of Spanish, medieval Spanish and its linguistic affinity with other Romance languages, modern Spanish including major changes of the 15th to 17th centuries, and contemporary trends and variations in the Spanish language.

Language(s) of Instruction
Spanish
