**Course Description**

This course develops communicative ability in Chinese by presenting language structures, functions and related cultural knowledge as well as by training listening, speaking, reading and writing skills through communicative tasks. In this course, the focus of which is learning pronunciation and basic grammars, students are exposed to various basic sentence patterns and functions by engaging in simple dialogues and conversations. The learning process not only increases the students' command of linguistic structures and functions, but also gives them a sense of accomplishment in communicative abilities at each stage of the learning process.
