Course Description

This language course is designed for international students who have a certain understanding of Chinese. The content includes Chinese business language knowledge and application skills, learning strategies. It is guided by second language teaching and learning theory, to help students studying in China develop listening and speaking ability in intermediate Chinese business level. The course focuses on teaching intermediate Chinese business common words, basic sentence patterns and common expression categories, etc., laying a solid foundation for foreign students to study advanced Chinese. After one semester of study, students should have listening comprehension and expression skills.
