N

**UCEAP Official Title**
BEHAVIORAL ECONOMICS

**UCEAP Transcript Title**
BEHAVIORAL ECON

**UCEAP Quarter Units**
6.00

**UCEAP Semester Units**

4.00

**Course Description**
This course examines the psychological underpinnings of economic behavior, recent theories, and empirical results in behavioral economics. Behavioral economics forms the starting point in core economics courses and the dominant model of choice in economics, in which agents maximize expected utility given the information they possess and the choice set they have. Students analyze recent empirical evidence across a range of fields of economics and examine the new theories of economic behavior.

**Language(s) of Instruction**
English

**Host Institution Course Number**
L1083

**Host Institution Course Title**
BEHAVIOURAL ECONOMICS
