UCEAP Transcript Title TIME & SPACE
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

Are time and space substances, or is there nothing more to them than the relations between objects or events? How is time different from space? Does time have a direction? If it does, what gives it its direction? If it doesn't, why does it seem to us that it does? Does space have a direction? This course investigates the nature of time and space and objects (including persons) within space and time.
