Course Description
This course is an introduction to issues in world politics. It examines the systems, institutions, and processes that govern world politics and important beliefs, values, and discourses. The course explores how states, power, people, and borders relate to each other, while considering the profound challenge facing the world of how to have sustainable development that meets the needs of the people of the world within the limits of the environment. Topics include the dangers we face and responses to them, global patterns of poverty and inequality, and idea of neoliberalism.
