UCEAP Course Suffix
UCEAP Official Title ENVIRONMENT AND CULTURE
UCEAP Transcript Title ENVIRONMENT&CULTURE
UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course introduces an anthropological study of nature-culture relations, illustrating its potentials and problems with reference to diverse topics in contemporary environmental politics. During the first half, it introduces prevalent and alternative approaches to understand nature-culture relations, covering key concepts and theories. The second half is dedicated to investigations of seven key environmental issues, including: climate change and energy politics, geoengineering, biodiversity conservation, animals, food, waste, and environmental health.
