6.00

UCEAP Semester Units

4.00

Course Description

This core course examines contemporary approaches to the past through a critical examination of current literature, case studies – mainly British, European and imperial/colonial – and fieldwork excursions in and around London. The course explores the complex relationships between past and present, promotes an understanding of the nature of history as a discipline, and investigates the social and public functions of historical research.

Language(s) of Instruction
English
