UCEAP Semester Units

4.00

Course Description

This course allows students to explore current and enduring educational questions through a sociological lens and to identify the relationships between education and social inequalities. Special attention is paid to issues of social justice, inclusion/exclusion, and possibilities for social transformation. The course considers various axes of power, identity and institutional organization, including sessions focused on social class, race/ethnicity, religion, gender, sexuality, and learner and teacher identities.
