UCEAP Course Number 50
UCEAP Course Suffix
UCEAP Official Title HISTORY OF EARLY MODERN JAPAN
UCEAP Transcript Title EARLY MODERN JAPAN
UCEAP Quarter Units 4.00
UCEAP Semester Units 2.70

Course Description

Studying history does not mean merely memorizing historical trivia or accumulating knowledge as an intellectual competition. It means gaining an understanding of the past by learning how to scrutinize historical documents.

This course explores the Edo period, Japan’s early modern era. Many cultural and social phenomena emerged during this period and remain relevant today. At the same time, many aspects of early modern Japan, including its politics, society, and people's values and behaviors, are profoundly different from those of the modern era. This course examines a selection of sources to gain an understanding of Edo-period Japan. In addition, it also discusses recent scholarly trends in the field of early modern Japanese history.

Language(s) of Instruction
Japanese
