Course Description

The course provides a general and comprehensive approach to world affairs while introducing the international legal perspective. It covers both the essentials of public international law and particular legal regimes such as coercion, use of force, human rights, State territory, and space law with respect to selected world affairs and international conflicts. The course highlights the interaction between international politics and law and the role of international law in the world governance. It's focus both on theory and practice and on interdisciplinarity allows a better understanding of international negotiation, norm-making, legal argumentation, and interpretative techniques.
