Course Description

Using a comparative perspective, this course explores the different foreign policy strategies and approaches that Latin American countries use to integrate in a globalized world. It examines the processes of integration, cooperation, and security between countries in the region. The course analyzes the difference in foreign policy approaches, specifically political, economic, and social processes that have occurred in Latin American countries since the 1980s. Other topics include the relationship of Latin America with world powers.

Language(s) of Instruction

Spanish
