Course Description

<Level VII>

Target Students: Those who have completed and mastered intermediate-level studies.

Course Goals: To master the 200 important intermediate sentence patterns and develop understanding and command of the 100 important advanced sentence patterns for further improvement of the four skills of reading, listening, speaking, and writing. To master the 10,000 basic words and 2,000 basic Chinese characters.

<General 1-5>

Goal: To develop a balanced, advanced level of proficiency in reading, listening, speaking, and writing.

Contents: Mastery of intermediate sentence patterns and introduction of 100 important advanced sentence patterns, using Doshisha University's original textbook and support materials. For students to be able to use all the expressions in an appropriate manner, exercises will be of typical situations where each expression is used, without categorizing them into grammar or vocabulary issues. Vocabulary building with an emphasis on collocation. Improving the four skills of listening, speaking, reading, and writing through summarizing, reading, and listening comprehension of the materials; role-play using expressions learned in class, and composition exercises.
