UCEAP Transcript Title
QUEER HISTORIES

UCEAP Quarter Units
6.00

UCEAP Semester Units

4.00

Course Description

Queer history is both a subject and a practice, and this course provides an introduction to both. It is, first, an introductory global history of sexuality, demonstrating the vast range of approaches different societies have taken to regulating and experiencing the body and desire. It also aims to introduce students to the method of queer history, one of many approaches to the past which illuminate how Historical Grand Narratives are produced, and how they might change.
