**Course Description**

The course explores in theory and practice the interactions of theatre and performative practices with cognate art forms and/or new media. The course is taught by specialist Theatre and Performative Practices staff or visiting staff with appropriate expertise. The precise specialization may vary from year to year but examples of such interactions would include theater and music, theater and voice/vocality, theater and dance, theater and somatic practices, theater and new media, theater and visual arts, theater and performance, and live art.
