Course Description

This class analyzes language and gender issues in contemporary society. It looks at how gender issues appear in language, and how language affects these gender issues. Topics include feminism, performative theory, queer theory, gender theory, sociolinguistics, discourse analysis, critical discourse research, and how gender-related phenomena relate to language. This course also covers various gender theories in modern societies; critically examines language use and the social issues naturalized in it; tools and theories of linguistics; and how language might influence our world, and how we can use language to make this world a better place.
