**Course Description**

This course examines the psychology of experiencing cultural difference and investigates the cultural differences between Japan and other countries. Culture affects us at the level of the unconscious mind and understanding cultural difference requires the process of deep culture learning. The class has two parts, 1) the psychology of deep culture, and 2) analyzing cultural difference. The goal of this course is to gain a deeper understanding of how culture shapes our minds as well as a deeper understanding of Japan and other cultural communities.
