4.50

UCEAP Semester Units
3.00

Course Description

This course introduces the issue of differentiation within the European Union. The first part of the course examines the various forms that differentiation takes within the European Union as well as outside of it. The second part of the course focuses on the Economic and Monetary Union as the most advanced examples of differentiated integration. It considers its various components and includes debates on ongoing reform discussions and open legal debates including the innovative NextGenerationEU program deployed in response to the COVID-19 pandemic.
